About Me

I am a **frontend developer** with expertise in UI design and video editing. Proficient in **React.js**, **Node.js**, and **Tailwind CSS**, I specialize in creating dynamic and responsive web applications. My recent projects include a travel website akin to Expedia, a dynamic personal portfolio, and **interactive games**. I am dedicated to advancing my logic-solving skills and preparing for frontend developer roles, with a keen interest in emerging technologies such as **Three.js** for 3D modeling and **Redux** for state management.

Experience

Frontend developer

2023 - 2024

Softicera, Faisalabad

I began my journey at **Softicera** as an **intern**, where I gained hands-on experience in developing dynamic and responsive web applications using **React.js**, **php**, and **Tailwind CSS**. Following my internship, I transitioned into a full-time role as a Frontend Developer. In this position, I have contributed to various projects, including a **travel website** similar to Expedia and **interactive games** in React.js. My work involves designing and implementing UI components, handling API data, and creating visually appealing layouts. My role has also allowed me to enhance my problem-solving skills and adapt to new technologies, further advancing my career in frontend development.

Web development

2022 - 2024

Online, Education

I am dedicated to **self-learning** and professional growth, having extensively studied **React.js** and advanced JavaScript through platforms like YouTube and various online resources. This self-directed learning journey has empowered me to tackle a range of projects from simple to complex. Among my top projects are a famous company **Kuro Game** top project **Punishing Gray Raven game** website clone, an **iPhone 3D model** project, and a recent **Movie App** with api handling. Looking ahead, I plan to delve into the Future framework to further expand my skills. This continuous learning and hands-on experience have significantly enhanced my technical expertise and problem-solving abilities.

Education

I.COM

2021 - 2023

Govt. College Faisalabad

I completed my intermediate studies with an I.Com (Intermediate in Commerce) program. This foundational education provided me with a strong understanding of business principles and basic financial concepts, which have complemented my technical skills and analytical thinking in my career as a frontend developer.

LLB, Bachelor of law

2023 - 2028

Westurn Law Punjab Collage, Faisalabad

I completed my intermediate studies with an I.Com (Intermediate in Commerce), which provided me with a solid understanding of business principles and financial concepts. Following this, I pursued a Bachelor of Laws (LLB), gaining comprehensive knowledge in legal studies. This educational background has not only enhanced my analytical and problem-solving skills but also complemented my technical expertise in frontend development.
